# POPULAR ELECTRONICS

PORTLAND PLACE, BOULDER, COLORADO 80302

Dear Subscriber:

In just a few weeks close to half-a-million men who live, eat, breathe electronics as you do will receive the new issue of POPULAR ELECTRONICS -- and open it in eager anticipation of the challenging hours of electronics enjoyment it promises.

Will you be among them?

Will you join them as they plunge into the thrilling world of the future -- into the fast-moving era of satellites, robotics, miniaturization, computers, radio and high fidelity ... brought to life here and now in the colorful pages of POPULAR ELECTRONICS? Will you be with them as they preview revolutionary new electronics equipment the general public hasn't even heard of yet?

Will you enjoy fascinating feature articles on Ham, Short Wave, and Citizens Band broadcasting ... the brain-straining puzzles and quizzes?

And, most important: Will you construct the ingenious -- yet easy to build -- electronics projects exclusively for POPULAR ELECTRONICS readers?

Will you? It's entirely in your hands. For ...

YOUR POPULAR ELECTRONICS SUBSCRIPTION HAS EXPIRED!

And much as we'd like to send the next issue to you (it's coming off press shortly), our hands are tied unless we receive your renewal instructions. And soon. For not only will prompt action on your part prevent you from missing an issue between subscriptions ... but it will enable you to take advantage of a special low rate:

18 months for only \$4.85!

Your original subscription to POPULAR ELECTRONICS was at a discount; and now, by acting promptly -- you can RENEW at a discount as well! (You save \$2.65 on the regular subscription rate of \$7.50 for those same 18 issues!)

But don't delay. Check the enclosed renewal form and mail it in the reply envelope provided. No addressing needed. And send no money now unless you prefer.

(But, if you do include payment now -- saving us expensive billing costs -- we'll add two extra issues to your subscription as a BONUS -- making 20 issues in all for less than the price of 12 -- the equivalent of over 8 issues FREE!)

Sincerely,

Walter S. Mills, Jr.  
Vice President and  
Circulation Director
